# *Through the Storm*

*Each will be like a refuge from the wind*

*And like a shelter from the storm,*

*Like the shade of a huge rock*

*In a dry and parched land – Isaiah 32:2*

## *Verse 1*

*The road was long, the nights were cold*

*Carrying the dreams too heavy to hold.*

*Broken plans and fading light*

*Still I kept walking through the fight.*

*Every scar became a sign*

*Every loss drew a different line.*

*Life kept teaching in its own way*

*How to survive another day.*

## *Pre Chorus*

*And when the world felt far away*

*A gentle heart helped me stay.*

## *Chorus*

*Love is the fire when the wind blows strong*

*The voice that whispers, keep holding on.*

*Life is a river that twists and bends*

*Breaking us down, then healing again.*

*Through all the tears, through all the rain*

*We learn that hope can rise from pain.*

*When darkness comes and dreams seem torn*

*Love carries us through the storm.*

## *Verse 2*

*Some days shine and some days fade*

*Some promises are never made.*

*People come and people go,*

*Leaving pieces of the hearts they know.*

*But every goodbye taught me grace*

*Every memory found its place.*

*Though hardship knocked upon my door*

*It made me stronger than before.*

## *Pre Chorus*

*And when I thought I'd lost my way*

*Your light showed me another day.*

## *Chorus (Repeats)*

*Love is the fire when the wind blows strong*

*The voice that whispers, keep holding on.*

*Life is a river that twists and bends*

*Breaking us down, then healing again.*

*Through all the tears, through all the rain*

*We learn that hope can rise from pain.*

*When darkness comes and dreams seem torn*

*Love carries us through the storm.*

## *Bridge*

*The mountains high, the valleys deep*

*The promises we fight to keep.*

*No perfect road, no easy climb*

*Just faithful hearts passing time.*

*And if tomorrow brings new fears*

*We'll face them all through laughter and tears.*

## *Chorus (Repeats)*

*Love is the fire when the wind blows strong*

*The voice that whispers, keep holding on.*

*Life is a river that twists and bends*

*Breaking us down, then healing again.*

*Through all the tears, through all the rain*

*We learn that hope can rise from pain.*

*When darkness comes and dreams seem torn*

*Love carries us through the storm.*

## *Outro*

*Through the storm*

*Through the night*

*Love remains...*

*A guiding light.*
